

Sponsored by: JOHN CHANCE LAND SURVEYS, INC.

We have room for sponsor(s) if you or your company would be interested.

Just email [Sponsor@acadianaug.org](mailto:Sponsor@acadianaug.org) to state that you would be interested in sponsoring a meeting and you can appear on the flyer, be acknowledged for the meeting, and also bring and present yourself after the meeting.

**Mission:** To educate, advance, and socialize understandings of the .NET Framework and other Programming Concepts within Lafayette and surrounding areas.

**Goal:** We, as a group, want to be the social center of the .NET and other Programming Concepts to Lafayette Businesses and enhance general knowledge of core programming techniques

#### Presenter

Carlos Femmer – Systems Integration Manager – John Chance Land Surveys (A Fugro Company)

#### BIO

Carlos Femmer is the Systems Integration Manager at John Chance Land Surveys specializing in Geographic Information Systems (GIS). Carlos has been designing and writing software applications for 15 years.
